DI TORINO

Public Contracts in Legal Globalization

THE GEORGE  
WASHINGTON  
UNIVERSITY  
WASHINGTON, DC

## AI AND PUBLIC PROCUREMENT TRANSFORMATION

Thursday, 19<sup>th</sup> March 2026 – h. 9.30 CET

*Aula Europa - Sala Affreschi, Department of Management "Valter Cantino", University of Torino, Corso Unione Sovietica 220, Torino (Italy)*

The conference focuses on how artificial intelligence is reshaping public contracting across the world, with an eye to ongoing revisions to the EU Directives, the OECD recommendations on public procurement, the UNCITRAL model law and the U.S. Federal Acquisition Regulation. Panelists will address key developments integrating machine learning, algorithmic analysis, and agentic AI architectures into procurement systems at a global level to achieve efficiency, transparency, and innovation, delivering new public value through digital transformation while preserving accountability, integrity and fundamental rights protection.

### INTRODUCTION

**Gabriella M. Racca** – *University of Torino, Italy*

**Christopher R. Yukins** – *George Washington University, USA*

### Session I – In person

#### TRANSNATIONAL DEVELOPMENTS

**Caroline Nicholas** – *Senior Legal Officer with the International Trade Law Division of the United Nations Office of Legal Affairs* – “Reopening the UNCITRAL Model Law and AI’s impact”
